To my Friends and Constituents,

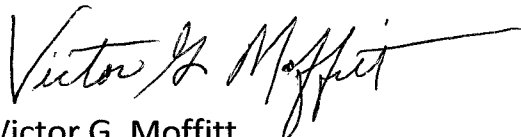

This letter is to introduce Steven J. Hart, a fellow Republican, small business owner and hopefully my successor as State Representative for District 28 Coventry.

Steven's commitment to cutting taxes, job creation, reducing wasteful governmental spending, illegal immigration and supporting veterans makes him the perfect choice to replace me a **YOUR** State Representative.

Steven will continue the fight for legislative programs I have supported over the past six years that would provide great benefits for the citizens of Coventry and our great State of Rhode Island.

Please give Steven a chance to represent **YOU** at the State House. It would be a wise choice and one I am sure you will not regret.

Sincerely,

Victor G. Moffitt

State Representative

District 28 – Coventry
